NSS deploys 13,516 trained teachers for national service

BY TIMES REPORTER

A TOTAL of 13,516 trained teachers from the various accredited Colleges of Education have been posted to basic and second-cycle schools across the country to undertake their one-year mandatory national service.

They were deployed by the National Service Scheme (NSS) Secretariat on March 4, this year.

This was contained in a statement signed and issued in Accra by Ambrose Entsiwah Junior, Acting Director of Corporate Affairs, NSS.

It asked all Service Personnel in the category to log onto www.nss.gov.gh on the scheme's website to check their place-

ments.

The statement further directed the trained teachers to the various NSS Regional Secretariats to complete the registration process.

It noted that the registration would commence on March 8 at all centers.

The statement urged all deployed trained teachers to accept their placements and report accordingly.
